Honor Salute Orientation

Orientation will provide information and training for Active Duty and Veterans who wish to participate in future Honor Salute Ceremonies.

In partnership with United States Naval Academy, Fort George G. Meade and other local military-related organizations, **Hospice of Chesapeake** conducts a formal ceremony of recognition and appreciation to Veterans in care. Military **Volunteers** will make visits to our **Veteran** patients and perform a salute in uniform.

Open to all Branches!

Hospice of Chesapeake **Military Veteran** patients are saluted, presented with a certificate of appreciation, pinned, and presented with a patriotic quilt. This unique program brings together family and friends to celebrate what is often the last time these men and women are publicly thanked for their service.
