Defining SFRG

SFRG'S are a force multiplier by connecting soldiers and families with the command team and providing a network of mutual support.

The well-being of today's force is paramount to the success of any unit mission; therefore, SFRG are inextricably linked to Soldier readiness. The SFRG serves as one of the foundations for the Readiness of our force.

Intent

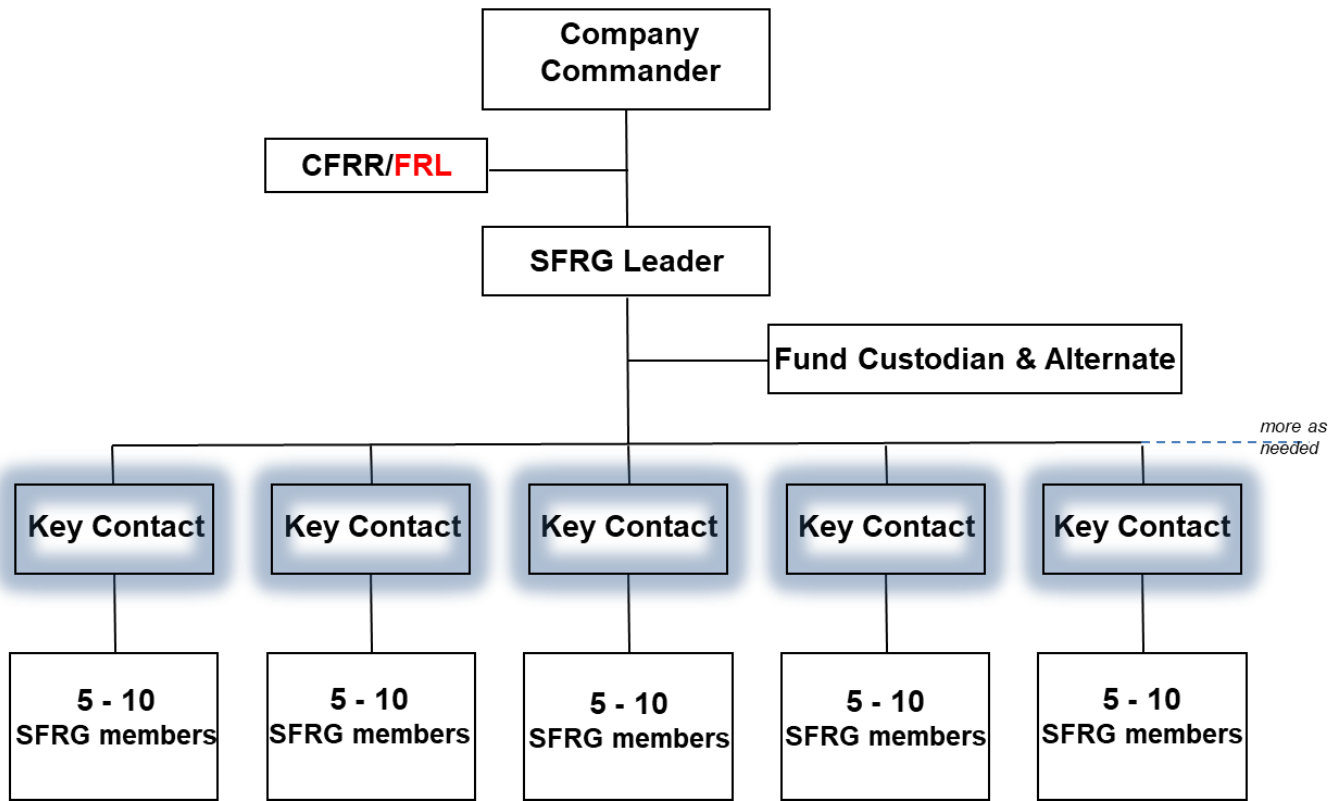

Commanders establish an SFRG that incorporates unit Personnel, their family members, volunteers, and single soldiers into an integrated communication, information, and support network.

SFRG's establish a high-functioning command information network that communicates, informs, and connects commands with all unit Personnel, family members, and volunteers that enable a network of mutual support.
