

EFMP Family Support

Exceptional Family Member Program Virtual Sip-N-Share Support Group

Grab your favorite beverage and join your Fort Meade EFMP during one of our two monthly non-disability specific support groups offered to EFMP Families. This support group helps connect Families to our special needs community to share ideas, challenges, concerns, and discover resources within the community. This is an opportunity for you to share your experiences, make connections and get to know your EFMP network.
