

# Internet Safety for Kids Workshop

A one-day workshop aimed to teach parents to identify internet and phone safety threats for their children. Parents will learn precautions to protect their children online from cyberbullying and predators, as well as productive ways to communicate with them regarding these threats.

Open to Service  
Members, Family  
Members, Retirees, DoD  
Civilians and Contractors.

Workshops are held virtually via  
Microsoft Teams on  
February 24th, April 21st,  
July 14th, and October 20th  
from 1:00pm-2:30pm

For more information or to register, contact the  
Family Advocacy Program at 301-677-4118
